Hello Kathy,

I'm in the bible study on Wednesday nights with you. I was crying while you were telling the stories about the children. Lincoln Heights is so fortunate to have you there. I can definitely see how much you care, and that its not just a job to you.

I want to help in some way. My son went to LHES K-1st grade. He just turned 17 on Wednesday. So, its been a while. I have a 4th grader(daughter) at Willow Springs now. I am registered as a green star volunteer. Would I need to register there also. Or does it cover all Wake County schools? I would like to volunteer in any way I can...helping children read, donating items as needed..collecting coats for the children that need them..whatever. God spoke to me while you were speaking. He told me to "do something". Anyhow, thank you for caring so much for the children. Please email me or call me when you can.
