

30 Oct 02

Dear Kathy,
Thanks so much for your participation with Voices & Choices - especially for your enthusiasm about finding ways to support teachers. I'm looking forward to working with you to make the project successful in Fugway - Varina - and I welcome any suggestions you may have.
Thanks again, Cyndi Soter O'Neil

March 30, 2000

Dear Kathy,
Thank you so much for presenting "running records" to my class on Wed. night. I appreciate your time and your expertise. My students got a clear picture of leveled books and how they can quickly assess students and gain a great deal of information. Again, thank you and my very,

"You all" would have been so proud of Katherine Rackley if you had heard her speak to the Methodist Church on Sunday about getting involved in our Better Beginnings Program. I'm sure we'll get many more people working volunteering to help our kindergarten students thanks to her efforts. Thanks to Marge and Patti also for being there to support her. F.Y.I. -- there will be an informational meeting at that church on Wednesday, August 17 at 6:00. Linda and the K teachers will be conducting the meeting.
