

Hello Mr. McNeal,

Just a quick note to express my gratitude for allowing my associate, Trey Baker, and me the opportunity to connect BEHAVIOR to RESULTS through a few pilot programs within the WCPSS, that are designed to BUILD PEOPLE through personal and professional development.

Also - a special thanks to Jo Baker and Terri Cobb for all they've done thus far with the logistics of getting us started, and to Kathy Rackley and Kim Hughes for first having the vision and the courage to share that vision.

According to our agreement we will have the opportunity to connect with STAC, the staff at Hodge Road Elementary, New Teacher Training and Project Achieve Schools. These are four areas where we believe we can make a significant contribution, as we intend to listen, learn, encourage and enable through our message that blends personal and professional development.

With sincere gratitude,

Susan Hite

Thank you! Thank you! Thank you! Kathy Rackley there is no other way to say it: YOU ARE AWESOME! Thank you for organizing the Susan Hite talk this morning. You are a leader who helps to make this school be a great place to come to work (and learn in).

I appreciate that you were able to have Susan come this morning and I am thankful that she gave such a good talk about guidance, inspiration and balance. I think that Susan is right when she says "it's not the lessons of life that change-what changes is how we each choose to deal and respond to those lessons". Thank you Kathy for being an inspiration to all of us!
