> Subject: Thank you

> =====

> Hi Kathy. I hope your summer is going well!

> I wanted to give you an update on my application to graduate school. I changed course a bit after a lot of thought and discussions. I applied for an administrative leadership program and was accepted for this fall.

> My year at Lincoln Heights was so meaningful to me because you allowed me to teach authentically. What a difference your style of leadership makes for both teachers and students. It inspired me a great deal, and I hope to take that with me into this program.
